

MAMMOTH

S P O R T S C O N S T R U C T I O N

CIVIL DESIGNER / DESIGN ENGINEER

Mammoth Sports Construction is looking for a versatile and driven Civil Designer to join our growing team. The candidate should exhibit technical competence in basic engineering design of site grading, transportation projects, sewer lines and general municipal infrastructure. Knowledgeable with current release of AutoCAD software. Applicant must have the ability to work effectively in a team environment, be self-motivated, creative and detail oriented. Strong interpersonal, verbal and written communications skills are a necessity. Primarily works in the office; however, field work may be required at times.

ABOUT MAMMOTH SPORTS CONSTRUCTION

Mammoth Sports Construction is a full-service, turnkey sports company for schools and athletic complexes that can help design, budget, fundraise and build the projects of our partner's dreams. Mammoth offers complete design-build services and is respected nationally as an industry leader with projects completed at the highest levels of sports, including the NFL, Big 10 Conference, Northern Sun Conference, Big 12 Conference, MIAA Conference, Southeastern Conference, Heart of America Athletic Conference and many others nationwide. Mammoth is a family owned and operated company with the corporate headquarters located in Meriden, Kansas, and an additional office in Sioux Falls, South Dakota.

JOB LOCATION: Meriden, KS

SALARY: TBD Based on Qualifications + Benefits

RESPONSIBILITIES:

- Work with design team to develop design concepts.
- Develop grading drawings and help determine rough grade/finish grade elevations.
- Develop stormwater, sanitary sewer plans, and general site planning.
- Strong communication skills and work ethic with demonstrated efficiency, flexibility and desire to grow and work within a dynamic team environment while being able to self-manage and work independently.
- Experience and understanding of engineering systems, equipment, technology requirements, detailing and how they relate to construction.

POSITION QUALIFICATIONS:

- Proficiency in Civil 3D software preferred. Stormwater modeling and HEC-RAS a plus.
- Self motivated and self disciplined in a collaborative studio environment. Able to organize, encourage and work with small project teams.
- Strong writing and presentation ability.

EDUCATION & EXPERIENCE:

- Minimum: Associates in CAD Drafting.
- Preferred: Bachelors in Civil Engineering. Professional Engineering license or ability to acquire license within 4 years.
- Minimum of 1 to 3 years of design experience preferred.
